

# ON-DEMAND MOBILITY SERVICE

Are you without a car during your stay in the Karst and Brkini? Would you like to visit Štanjel Castle, Lipica, Škocjan Caves and other beautiful destinations?

Do you want to leave the motorhome at the parking lot and explore the surroundings?

Do you want to avoid searching for parking when visiting events?

Download the **ToyotaGO** app and let us make your day easier with a **COMFORTABLE** mobility service **LOCALLY CONNECTED** in the municipalities of Divača, Hrpelje-Kozina, Komen and Sežana.

An advanced, user-friendly and user-oriented service that effectively contributes to greater and more flexible mobility in the Karst and Brkini region.

The service combines the key benefits of existing transportation options. You order a ride similar to a taxi, at the desired time and place, but because the ride is performed by a van, it is cheaper for the end user. At the same time, the service is similar to public bus transport, but more tailored to your needs. Safe and reliable.

»On-demand transfers allowed us to explore the countryside carefree. You simply enter the address, order a ride and they will take you away. This is how we were able to organize the two days we spent on the Karst. And there was no need to worry about finding a parking lot suitable for the motorhome.« Sarah, Bristol

»This on demand transportation is perfect! You just make a reservation in the app and then show QR code to the driver. We used it to travel from hotel Lipica to Štanjel Castle.« Laszlo, Budapest
